

## RCMP Loon Lake Detachment – Media Release

The Loon Lake Detachment of the RCMP has been busy cleaning up after a busy year. With regards to our Annual Performance Plan, we are pleased to report that we either met or exceeded our goals set for the year. We have just completed our year end procedures and are looking forward to the coming of spring and summer, and the influx of the tourists and cabin owners.

Court continues to be a weekly thing here, with three court days a month, which includes prisoner transports, lodging and meals, as well as taking them to and from court.

We will be losing one of our Csts to transfer this month. Cst Paul Robertson is headed off to Stony Rapids/Black Lake. His replacement, Cst Shawn Gobin, will arrive in May from Patuanak.

We will be without a Corporal Supervisor for the foreseeable future, as he is off duty due to medical issues. We will run with one vacancy, and his daily routine and tasks will be looked after by Senior Cst Mark Burnett.

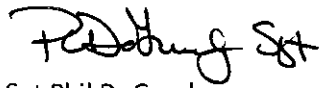

In May, we will celebrate Police week, with Detachment tours, and a bbq. There will be more to follow on this.

And for May long weekend we will be increasing our manpower and shifts, to deal with the influx of lake goers, the cabin owners, as well as the Pow Wow and the long weekend.

And come July 1<sup>st</sup>, we plan to participate in the Canada Day Parade.

For now, that is all. You are up to date.

Best Regards,

Sgt Phil DeGruchy

Detachment Commander

RCMP Loon Lake, Sk.
